ESTÁNDARES DE REFERENCIA Y MATERIAL DE REFERENCIA BOTÁNICO, BASADOS EN USA.

¿QUIÉN ES CHROMADEx?

ChromaDex es un proveedor líder en la industria de los Estándares de Referencia y Materiales de Referencia Botánicos.

El catálogo de **ChromaDex** tiene más de 1800 fitoquímicos únicos, y 400 materiales de referencia botánicos para una gran variedad de industrias: farmacéutica, de alimentos y suplementos alimenticios, institutos de investigación y universidades, cosméticos, entre otras.

CALIDAD

ChromaDex está muy adelantado para obtener la certificación de cumplimiento de la Organización Internacional de Normalización (ISO). En la actualidad, **ChromaDex** está en el proceso de obtener acreditación para nuestros estándares de referencia bajo ISO 17034, y esperamos tenerla al final de 2018, mucho antes de la fecha límite de cumplimiento.

Nuestros excelentes estándares de referencia son rigurosamente probados y verificada su calidad. Los certificados de análisis están fácilmente disponibles para nuestros clientes para asegurar transparencia.

Actualmente ofrece diferentes grados de **Estándares de Referencia**.

- Estándares Primarios
- Estándares Secundarios (SH, SG, Y ST)
- Productos Químicos Grado Reactivo (RG)

Ofrece un amplio rango de **Materiales de Referencia Botánicos (BRMs™)** que cubren las necesidades en su desarrollo de proyecto y administración de calidad.

- **Materiales de Referencia Botánicos para Autenticar (VBRMs™)**
- **Materiales de Referencia Botánicos (BRMs™)**
- **Materiales de Referencia Botánicos Grado Reactivo (RBRMs™)**
